

# The International Society for Vaccines Initiatives for Support

*The ISV Sponsorship & Donation Program is designed to help ensure the sustainability of the Society*

## Maintain the Momentum of Vaccines

Since the introduction of vaccines more than two centuries ago, the importance of vaccine development and population immunization has been demonstrated for the benefit of human and animal health and wellness.

Vaccines are now widely regarded as necessary protections against infectious disease threats throughout high, middle- and low-income country populations.

However, vaccines have come under fire through misinformation and anti-vaccine campaigns.

The importance of vaccines and immunotherapeutics was clearly demonstrated during the COVID-19 pandemic.

**It is Critical to Reinforce the Societal Value of Vaccines**

## Support is Needed for New ISV Initiatives

### Impact

Funds will be used to support the society's programming initiatives such as:

- Scientific information exchange, mentorship, supporting the Next Generation of Vaccinologists, and networking.
- ISV Board Committees on Awards, Mentorship, Global Engagement and Partnerships, Outreach, Finance and Governance and Vaccine Industry Interactions

### Goal to Create Win-Win Scenario

#### ISV

- Endowment fund to enable sustainability
- Insights from industry perspective
- Support for increased scope of outreach
- Achieve the mission of promoting the value of vaccines

#### Industry Sponsors

- Active participation in society (Congress, advisory committees, collaboration)
- Increased visibility within ISV
- Access to network of vaccine scientists
